Introduction

THIS IS THE THIRD EDITION OF PUBLIC LIBRARY STATISTICS WHICH HAS RESULTED FROM COMPUTERIZED PROGRAMMING. WE HAVE GIVEN THE USER MUCH TO DIGEST WITH THE ADDITION OF ANALYICAL SECTIONS, WHICH ARE FAST BECOMING BASIC PLANNING TOOLS. WE CONTINUE TO BE ENCOURAGED BY THE ABILITY OF THE LIBRARY COMMUNITY TO ABSORB AND UTILIZE NEW TYPES OF DATA.

BARRY L. PORTER
STATE LIBRARIAN

EXPLANATORY NOTES

This publication remains basically the same as our 79-80 issue of Public Library Statistics.

Conditions have forced us to the continue with previous economies. We have not published the "additional statistics" we gather; however, we do have available information from print-outs for those who wish data on interlibrary loan, reference service, physical facilities and public service outlets.

In addition to the standard summaraies of Section I and II (pages ii-iv) which relate to income, expenses and materials collection, we have added statewide totals to the personnel data in Section III. In addition, FTE information has been refined and represented to two decimal places. Volunteer libraries are indicated by all zeroes on personnel and salary lines.

Three detailed analytical studies are published in Sections IV, V and VI. Available, but not included in this publication are universal rankings of libraries and selected studies on materials, space and personnel. For additional analytic data, please call 515-281-4326.

ACKNOWLEDGEMENTS

To the patient and diligent team who contribute so much to this publication:

Mary Ryan, Systems Analyst

General Notes and Symbols

Each of the following tables is divided into the following size groups.

A - libraries serving less than 500 - 111
B - libraries serving 500 - 999 - 137
C - libraries serving 1,000 - 2,499 - 141
D - libraries serving 2,500 - 4,999 - 51
E - libraries serving 5,000 - 9,999 - 36
F - libraries serving 10,000 - 24,999 - 12
G - libraries serving 25,000 - 49,999 - 9
H - libraries serving 50,000 and over - 8
I - county libraries - 4

Each place has its proper regional designation:

C - Central
EC - East Central
NC - North Central
NE - Northeast
NW - Northwest
SE - Southeast
SW - Southwest

Each place is followed immediately by its population as taken from: U.S. Bureau of Census, *1980 Census of Population and Housing Advance Reports* issued March 1981 (PHC80-V-17), with the exception of those libraries listed in Category I -County Libraries. The population listed for each of those libraries is the actual population portion of that county served by the county library and reported to the Iowa State Library by the county librarians.

---- indicates no response
0 (zero) as a response is always reported.

Of the 509 public libraries in Iowa, the following number responded to the following identified sections of the Public Library Survey:

494 reported Income,
494 reported Expenditures,
489 reported Acquisitions,
495 reported Holdings,
485 reported Circulation,
496 reported Additional Statistics, and
496 reported Salaries and Salary Ranges.

Financial Information - Chart 1

INCOME - Columns 1 - 12

New Additions to Income data:
- Column 2 - Per Capita Municipal Income
- Column 4 - Per Capita County Income
- Column 7 - Per Capita Total Operating Income
- Column 12 - Per Capita Total Income

Total Operating (col. 8) consists of all funds not designated as Capital/Trust on the survey form.

Total Capital Fund (col. 10) not only reflects the amount, but designates the source as follows:

B - Balance Carried Forward
M - Municipal
C - County
F - Federal Revenue Sharing
O - Other Federal
G - Gifts, Donations & Other Capital

Total Receipts (col. 11) is the combination of Total Operating Income and Total Capital Income.

EXPENDITURES - Columns - 13-27

New Additions to Expenditure Data:
- Column 19 - Per Capita Materials Cost
- Column 21 - Per Capita Plant Operation Cost
- Column 27 - Per Capita Total Expenditures

Column 25 -all other costs. This column totals a final category of expenditures in order to apportion budget into the four standard categories: personnel, library material, plant operation and all other costs.

Materials - Charts II, III

Because of restrictions of computerized printing this section has been divided into two parts. Acquisitions (Chart II) and Holdings and Circulation (Chart III).
< - a symbol which follows an entry in a column to indicate that that entry is the total of the columns in which it appears plus the column to its immediate right. It is referred to as a stretch.

ACQUISITIONS - CHART II

# denotes the addition of uncataloged material to the total acquisitions count. Please note, therefore that the total does not necessarily represent the sum of the columns preceding Total Acquisitions.

HOLDINGS/CIRCULATION - CHART III

New additions to Chart III:

Column 6 - Per Capita Book Titles
Column 9 - Per Capita Print Holdings
Column 16 - Total Holdings Per Capita
Column 23 - Per Capita Print Circulation
Column 29 - Per Capita Non-Print Circulation
Column 31 - Per Capita Total Circulation

Holdings are represented by title counts only.

We have applied a formula to convert volumes to titles where no title count was given. Since we no longer publish volume counts, we have tried to standardize title counts for later computer analysis.

In libraries serving less than 10,000, when only volume count was given, the following formula was applied:

90% x volume count = title count

In libraries serving over 10,000 the following formula was applied to volume count when no title count was given:

66 2/3% x volume count = title count.

T appears preceding the number in Total Titles when a formula has been applied to a volume count.

Uncataloged Material has been added to the Holdings section of Chart II immediately following Total Titles, therefore Total Holdings reflects the sum of preceding columns with the exception of Total Titles.

Personnel, Hours Open, Salary Ranges - Chart IV

Internal summaries by size group appear in Staff By Highest Earned Degree section of this chart.

Professional FTE reflects the total professional staff as determined by the reporting library and is not necessarily related to degrees held by staff.

The following four columns (2,3,4,5) designate degrees held by those reported in Professional FTE column.

All FTE data (column 1,6,7) has been carried to 2 decimal places, therefore for the first time we are able to represent FTE data more accurately than previous editions.

Statewide totals relating to personnel appear at the end of this chart, internal totals appear at the end of each size group.

Hours Open has been rounded off to one decimal place, therefore, there can be up to a ± .05 error in this column. The column denotes official open hours of the library and not necessarily hours worked by full-time staff.

Salaries are reported in annual figures where possible.

H (hourly) and M (monthly) were used when it was not possible to determine annual salary.

Ratio and Percentages Study By Size Group

The following study is divided by our standard size groupings, A-I.

Because populations range widely even within our standard groupings this study is produced in per cents, per capitas, and per thousand inhabitants, allowing a common denominator approach. This study allows each library to find how it varies from the average or median (middle point) in 18 different subject areas.

The subject areas covered are abbreviated. For your ease of reading we have written them out fully in order.

MUN P CP - Municipal Income Per Capita
CO P CP - County Income Per Capita
OP P CP - Operating Income Per Capita
ALL P CP - All Income Per Capita (incl. capital income)
* EXP P CP - Expenditures Per Capita
* PCNT SAL - Percent of all expenditures which represents all salaries
* PCNT MAT - Percent of all expenditures which represent all material costs
* PCNT PLT - Percent of all expenditures which represent costs of plant operation
* PCNT OTH - Percent of all expenditures which represents all other costs
SQFT CP - Square footage of library space per thousand inhabitants of service area
AQ P CP - Acquisitions per capita
H PR PC - Print holdings per capita
H NPR PC - Non-print holdings per capita
H TOT PC - Total holdings per capita
CIRC PC - Circulation per capita
TURNOVER - Total circulation divided by total holdings
STAF P M - Total staff per 1,000 inhabitants of service area
PRO P M - Total professional staff per 1,000 inhabitants of service area

Example of use of these studies:

If your library is in a town of less than 500 and you want to know how you compare with your other peers in group A in municipal income, you will find your municipal income per cap listed in the Income Section (Chart I) of this book. You can then see the average municipal income per capita in this section under Group A Statistics is $4.28 and the median per capita income is $3.87. The median is usually the more reliable figure which tells you that one-half the libraries in your group have more per capita municipal income and one-half the libraries have less per capita municipal income than the listed median.

Many of the important per capitas are listed in Charts I, II, III. For all other comparative information please contact the State Library for a complete list of libraries in each group with all of the appropriate per capita, per cent, and per thousand data.

*NOTE: If a library has had a large one-time Capital Outlay, it would result in a larger than usual per Capita Expenditure figure and a smaller than usual percentage figure in some other areas.

Operating Income Study

In this study amount of operating income is used to group libraries together*. This allows for comparisons that have nothing to do with service area size groupings and also allows for a study of functions and use of money within groups which have similar operating budgets.

Immediately following this page you will find an alphabetical list of cities by budget group. Once you have found in which budget group you are listed you can go to the appropriate analysis chart to find out how you compare with the average and median listed along with the minimum and maximum data for your budget group.

The subject areas covered are abbreviated. For ease of reading we have written them out fully and in the same order in which they appear.

CITY POP	- City population
MUN P CAP	- Municipal per capita income
COUNTY P CP	- County per capita income
OP P CAP	- Operating per capita income
CAPINC P CP	- Capital income per capita
CAPOUTLAY P CP	- Capital outlay per capita
EXP P CAP	- Expenditures per capita
PCNT SALARY	- Per cent of all expenditures which represents all salaries
PCNT MATERIAL	- Per cent of all expenditures which represents material costs
PCNT PLANT	- Per cent of all expenditures which represent costs of plant operations
PCNT OTHER	- Per cent of all expenditures which represents all other costs
EXP MATERIAL	- Costs of all library materials
MATERIAL P CP	- Units of material per capita
HLD TOTAL PC	- Total holdings per capita
HLD PRINT PC	- Print holdings per capita
HLD NONPRINT PC	- Non-print holdings per capita
PCNT HLD ADULT	- Per cent of total holdings which represents adult holdings
PCNT HLD JUV	- Per cent of total holdings which represent juvenile holdings
CIRC P CAP	- Circulation per capita
CIRC PRINT PC	- Print circulation per capita
CIRC NONPRT PC	- Non-print circulation per capita
PCNT ADLT CIRC	- Per cent of all circulation which represents adult circ.
PCNT JUV CIR	- Per cent of all circulation which represents juvenile circ.
TURNOVER	- Total circulation divided by total holdings
STAFF FTE	- Total staff in full-time equivalents
PRO FTE	- Professional staff in full-time equivalents
SQ FT	- Square feet of library space
LIN FT	- Linear feet of library shelving
HR OPEN	- Number hours the library is open during majority of year
DIRECTR SALARY	- Directors salary
PCNT DRCTR SAL	- Per cent of operating income represented by director's salary. This calculation not available in group A.

*NOTE: Although operating income has been used to determine how libraries are grouped for the following studies, capital outlay and other expenditure data is included for analysis. The inclusion of that data will affect the percentage data for salary, materials, plant, other expenses and expenditures per capita. For example, if a library had a large one-time capital outlay it would result in smaller than usual percentages in other expenditure areas. Again, this will only happen if there has been a large one-time capital outlay, usually a construction project.

County Study

The object of this study is to begin to analyze and display data by county and also to investigate the unit cost of circulation. At present information received does not allow for investigation of unit cost for rural or contracting populations. As that information becomes available it will be added to future studies.

Most abbreviations are obvious in meaning, however, NONLIBRARY INCORP AREAS refers to incorporated cities which are not served by their own library, in other words incorporated areas which contract with a public library in another city.

Note that some parts of individual county reports are continued on a following page. Each report contains 4 parts:

1. A listing of all cities with public libraries in the county along with 7 columns of data.
2. SERVED URBAN FOR COUNTY is simply a summary of above data where is is useful.
3. RURAL PATRONS FOR COUNTY - all population which does not reside in an incorporated city.
4. NONLIBRARY INCORPAREAS - explained in the second paragraph above.
